

**NORTHAVEN UMC
CHURCH IN SOCIETY COMMISSION**

Adopted by the Church in Society Commission, October 22, 2006

Position Statement on the Environment

“The earth is the Lord’s and all that is in it.” Psalm 24:1

It is a mission of Northaven United Methodist Church to mobilize our members to take action, both as individuals and collectively:

- o To conserve and protect our Earth’s natural resources,
- o To promote the sustained use and development of renewable energy sources, and
- o To persuade our elected representatives to implement public environmental policies that respect and support our world.
